WORLD'S BEST DAHLIA CREATIONS
(revised price list)

from

LINCOLN WAY GARDENS

1923

H. J. Mueller & Son, prop.

Abbettstown, Pa.

"In warlike pomp with banners flying,
The regiment of Autumn stood;
I saw their gold and scarlet glowing,
From every hillside, every wood."

- Henry Van Dyke.

MY IDEA OF SUCCESS

Carthage was a success; a commercial success, a dollar and cents success. And when after a couple of centuries of dominance Rome swept her from the earth, she left nothing behind, no heritage of art and science, no traditions of chivalry--- only a name.

Greece was a success, a military success for a few centuries, a cultural success for all time. So long as man shall tread the earth he will acknowledge his debt to the artistic and intellectual achievements of the Hellenes. Here was an eternal, and ineffaceable success; a success built, not upon a bank balance, but upon brains and character.

It is easy to pay too great a price for material wealth, but nothing can rob one of the lasting satisfaction arising from the knowledge that he is performing a real service to the community. To give the world more than one takes from it --- that is true success.

To competently serve the Dahlia requirements of the flower lovers of Central Penna.; to make a friend of every customer; to build a sound reputation for square dealing---these are the success ideals to which this establishment aspires.

H. J. MUELLER & SON.
